‘A new vision in housing’

Networking

Join us for the first 2012 networking event where we’ll hear from Horizon Housing. Horizon Housing provides high quality sustainable housing solutions, ranging from subsidised rental accommodation to home ownership.

Sustainable Housing is housing that encourages long term tenure by being affordable, well located, energy efficient, and designed to be adaptable to the changing needs of clients. HHC provides long term viable housing solutions for a range of people through a range of products. To be sustainable our products aim to ensure our clients are not placed in housing stress, which is, not paying more 30% of their income in repayments or rent.

The construction of new dwellings is an important part of Horizon Housing’s business which allows assistance to more people in need on the Gold Coast and in other areas. Horizon also partner with developers to deliver new stock, either through NRAS or discounted purchases and construction.

As with all UDIA events, there will be time to network and catch up with your industry friends and colleagues.

Date:	Wednesday 1 February 2012
