GOLD COAST LOGAN

LinQing the Gold Coast Community

UDIA Lunch

GoldLinQ is the successful proponent to operate Queensland's first light rail system on the Gold Coast.

As Operator Franchisee of Stage One the Gold Coast light rail system, GoldLinQ is responsible for the design, construction, operations and maintenance. The design and construction element of the project will run for approximately three years from contract award. This includes the manufacture and supply of the trams and rail systems, track laying, station and structures, and the assembly of the overhead power supply. The operations and maintenance is for 15 years, which includes running tram services to the timetable, cleanliness and maintenance of the trams, and maintenance of the system infrastructure. .

Stage One of the Gold Coast light rail system will generate a number of social, environmental and economic benefits for the city including:

- reducing local greenhouse gas emission by 114 000 tonnes over the first 10 years of operation
- reducing the number of private vehicle trips by up to 10%
- generating about 6300 direct and indirect jobs
- providing a frequent, affordable and reliable alternative to car travel
- contributing to a fully integrated public transport system for the Gold Coast

Guest speakers: John Witheriff, Chairman of the Board, GoldLinQ
Phil Mumford, Chief Executive Officer, GoldLinQ
