

INSIDE DEVELOPMENT COURSE OVERVIEW

Inside Development is a new professional development course just for our members working in local and State Government or within utility providers. You are an important part of the development industry and making projects happen. Come along to understand what's involved in delivering projects and the development cycle. This 1-day course is the perfect opportunity to expand your knowledge and networks.

COURSE OVERVIEW

SESSION 1 - THE BIG PICTURE

Setting the scene with an overview of the development community; understanding developer scale and objectives; the importance of good quality development; and economic context.

SESSION 2 - THE DEVELOPMENT JOURNEY

An overview of the local government assessment and development processes connecting in the critical moments for development projects.

SESSION 3 - UNDERSTANDING THE PROJECT FEASIBILITY

A practical session on preparing feasibilities for projects, including key metrics and inputs.

SESSION 4 - PROJECT FINANCING

An overview of the requirements from banks for assessment of project finance, including how risk is assessed.

SESSION 5 - PROJECT CASE STUDIES

A practical workshop looking at the impact of design options and planning constraints on project yield.
